

Pelvic PT level 1 Testimonials:

"After taking the pelvic floor classes, my patients and myself have truly benefited from the vision the APTA women's health section has established for physical therapists as highly skilled professionals who can make a difference. "

"I just wanted to say thank you so much for such a great course. I felt I had an adequate amount of lab time and sufficient time to ask questions. In fact, today I tried some of the new techniques with decreased pain reported at the end of the session. Yahoo!! Thank you again for such an enlightening experience!"

"I was initially apprehensive about coming to the course (and unsure if I would pursue the CAPP), but the instructors made the information/labs, etc., interesting and exciting, which made the participants feel at ease. Now I will definitely continue the CAPP and women's health PT. Thanks for a great course!"

"I feel the instruction I received and the lab time have prepared me well. I am confident I can go to the clinic tomorrow and perform a pelvic exam and devise a treatment program in a competent manner."

Pelvic PT level 2 Testimonials:

"BEST course ever! Great charts and analogies for PT education. I also thought the forms for pt outcomes were very helpful! "

"Lab instructors' emphasis on practical skills was very helpful."

"This course is so well organized and the lab manual is useful, helpful, and systematic."

Pelvic PT level 3 Testimonials:

"Pediatrics was great!"

"Loved the case studies."

"Great course- thanks a bunch!"
